4. Departmental Seminar

Departmental graduate seminars are held (almost) every Friday during the period 11:00 a.m. -12:00 p.m. in Fitts Woolard Hall, room 2336. Refreshments will be served at 10:30 a.m. in Room 428 Hall. These seminars will be a combination of research talks and professional development training. **Evolving list of upcoming seminars will appear on departmental web page.** Periodically joint seminars with the OR Program will occur on Monday afternoons from 4:30-5:45. While the OR Seminars are not required, students may wish to attend them.

**Attendance requirement**—All graduate students should attend the departmental seminars.

5. Registration Procedures.

**NC State All Campus Card**—Is obtained in the Talley Student Union, 8:00 a.m.-6:00 p.m. Monday through Friday.

**Local Address**—To change your address, you must use MyPack Portal, and contact OIS. It is very important that the Graduate Office has a current address on file, so please keep us updated.

**Continuous Registration Policy**—After students are admitted to the Graduate School and enroll for the first time, they are required to maintain continuous registration, i.e., be enrolled each semester, excluding summer sessions, until they have either graduated or their graduate program has been terminated. Students who have been terminated and wish to resume their graduate studies at NCSU must reapply for admission.

Students in good academic standing who must interrupt their graduate programs for good reasons may request a **leave of absence** from graduate study for a definite period, normally not to exceed one year. The request should be made at least one month prior to the semester involved. Upon endorsement of the request by the student’s graduate advisory committee and the Director of Graduate Programs, and upon approval by the Graduate School, the student will not be required to register during the leave of absence. The time that the student spends on an approved leave of absence will be included in the time allowed to complete the degree, i.e. six years for a Master’s degree and ten years for a Ph.D. degree.

All students who take their final oral examination and/or submit their thesis or dissertation to the Graduate School in any semester must be registered for that semester; if during either summer session must be registered for either the first or second summer session.

6. Parking Permits--

Applications for parking permits are done entirely online. NCSU Transportation website, Student Permit Information:

https://transportation.ncsu.edu/student-parking/

In early July, graduate students are the first to be able to purchase the parking permits. The website will post the date. Be sure and have ready your Student ID, make and model of car, and automobile license number. The parking permit is a virtual parking permit, your license plate is your permit. Be sure to click on “Transportation Updates” for complete information.

Current graduate students applying for residency next year: Begin completing your residentiary acts (outlined on webpage in the Basic Requirements of Residency) about a year before you will be applying for residency. You will need to wait until you have lived in North Carolina for 365 days before applying through the RDS system or you will automatically receive a determination of out-of-state. If you do apply too early, you can log back into your RDS account and Request a Reconsideration once you have met the 365 day requirement. Any questions and concerns can be directed to: rdsinfo@ncresidency.org or 919-835-2290, or 844-319-3640.

14. Question and Answer Period
NC State uses a uniform Academic Load Schedule of Full-Time Status of Graduate Students for Loan Deferment, Financial Aid, Visa Status, Payroll Tax Withholding, Graduate Student Support Plan Eligibility and Veteran’s Benefits Purposes. This schedule will be the only resource used to determine a student’s status for these purposes. These definitions apply to all graduate students,

U.S. and international, participants and non-participants in the Graduate Student Support Plan. (updated on July 15, 2014)

Fall and Spring Semesters

Graduate students enrolled in degree plans requiring a thesis or dissertation

Full Time
These students will be full time if they take at least 9 hours per semester until the semester in which a course load of less than 9 credit hours will reach an accumulated total equal to the minimum number of hours required by their program. They should then register for that number of credits, but not less than 3. From that point on, they will continue to be considered full time until they complete their thesis or dissertation, as long as they enroll for at least 3 credit hours.

Half Time
Should a graduate student in a plan requiring a thesis or dissertation fail to maintain full-time status in any given term, as here defined, they are subject to the requirements governing students in non-thesis or dissertation plans (as outlined below) in order to be certified as “Half Time”.

Graduate students enrolled in degree plans not requiring a thesis or dissertation

Full Time
These students will be full time if they take at least 9 hours in a given semester.

Half Time
These students will be half time if they take at least 4.5 hours per semester.

1 Master’s students enrolled in plans allowing both a thesis and a non-thesis option will be classified as “non-thesis” students and subject to these rules until such time as a graduate plan of work designating the thesis-option, is approved by the Graduate School.

Co-op Students
Co-op students registered for COP 500 will be considered full time. Students registered for only COP 501 will be considered half time.

Summer Sessions
Graduate students are not required by the University to be registered during the summer. However, students who receive a stipend but who are not enrolled in the University during a period of five weeks or more are subject to Social Security tax withholding. In particular, this means that Social Security taxes will be withheld from the paychecks of Graduate Research Assistants (RAs) who do not register in the summer. Specifically, Social Security taxes will be withheld in June for RAs who are not registered in Summer Session I and in July for RAs who are not registered in Summer Session II. The source of funds that pays the stipend must pay the
same amount of Social Security tax as is withheld from the student's paycheck during these months.

Two special registration categories are available for Graduate Research Assistants who would not otherwise take courses in the summer: XYZ 696 (Summer Thesis Research) and XYZ 896 (Summer Dissertation Research), where XYZ represents the course prefix of a specific department or program. Each of these courses is for 1 hour of credit, with registration for 10 weeks, beginning the first day of Summer Session I. Social Security taxes will not be withheld from the June or July paychecks of RAs who register for either 696 or 896. Full time in the summer is a minimum of 1 hour.

Please note that student who are not registered during the summer do not have access to financial aid during that period, nor do they have access to the Student Health Service unless they pay the student health fee for each of the two summer sessions.

Waiver of Hours
Graduate students who meet certain prescribed special conditions, may be certified as either a full-time or half-time in cases where they do not meet the requirements for such as outlined above. A waiver of the uniform academic load rules requires attestation on behalf of the student by their committee chair, academic advisor or the Director of their graduate program and approval by the University.

North Carolina State University
The Graduate School - Patent Agreement

I have read and I understand the Patent and Tangible Research Policy of North Carolina State University. I also understand that compliance with the Patent Procedures is a condition of my being a graduate student at North Carolina State University.

I, therefore, agree to abide by the Patent Procedures, including any amendments which may be adopted from time to time.

I acknowledge my obligation to communicate promptly to the University Office of Technology Transfer a full and complete disclosure of all Inventions. Further, I will assign, and hereby do assign, to the University my right title and interest in all Inventions that I conceive or reduce to practice during the course of my employment or in connection with my use of university facilities or funds administered by the University.

In the event that the University determines, in its sole discretion, to pursue patent or other intellectual property protection, I agree to execute any assignments or other documents necessary to comply with the terms of the Patent Procedures, and to cooperate in the preparation of patent applications and other documents necessary in prosecution of the patent. I also understand that University’s funding agreements with third parties, including the United States Government, impose certain obligations with respect to rights in Inventions and, when requested to do so by University, I will execute assignment or other documents necessary to comply with the terms of the funding agreements.

I understand that, unless otherwise specifically agreed in writing, I am entitled to a percentage of royalties received by University from the commercialization of my Inventions, as set forth in the Patent and Tangible Research Policy of North Carolina State University, of North Carolina State University, as may be amended from time to time.

I do not have any employment, consulting or other agreement with any third party which grants rights that are in conflict with this agreement, and I agree that I will not knowingly enter any such agreement.

Graduate Student Support Plan (GSSP)
From the NC State Graduate School Website – https://grad.ncsu.edu/students/gssp/ 8.22.2018

The Graduate Student Support Plan is a competitive support package used to attract top students to NC State University. Graduate students that meet the requirements below are eligible to receive health insurance and tuition support (for a limited number of semesters).

- Supported on a qualifying graduate assistantship (teaching or research) or fellowship of, at least, $666.67 per month.
- Meet the minimum enrollment requirement – Full-time, at all times.
- Enrolled in an on-campus master’s or doctoral program. Distance Education and Graduate Certificate programs do not qualify for the Graduate Student Support Plan.

Participant students should read the Graduate Student Support Plan Student Handbook in order to become more familiar with the NC State Graduate Student Support Plan.

Useful Information

GSSP tuition benefits will not apply to your billing account until all GSSP eligibility requirements are actively met in the Student Information (SIS) and Human Resources (HR) systems. Please see the checklist below for one-page GSSP eligibility summary.

GSSP Eligibility Summary (Checklist)

GSSP Requirements At-A-Glance (Semesters of Benefits Eligibility)

When all eligibility requirements are met in HR and SIS, applicable GSSP benefits should apply to your student account within 24-48 hrs. If you have not received a GSSP tuition award reflected on your student account, it is likely that one or more of the GSSP eligibility requirements have not been met in the system.
If you have questions regarding the Graduate School, the Graduate Student Support Plan, or other issues related to your graduate studies, it is important to first contact your adviser, Director of Graduate Programs, or Graduate Services Coordinator before contacting the Graduate School. Your home department faculty, staff, and administration have more specific knowledge of your individual situation.

NC State RA-TA Health Insurance Plan

Only students eligible for the Graduate Student Support Plan are eligible for the NC State RA-TA health insurance plan. Please see your department Graduate Services Coordinator if you have questions about your eligibility or coverage period.

Student Blue (BCBS of NC) is the health insurance provider for the NC State Graduate Student Support Plan. Please contact them directly at 1-800-579-8022 regarding your health insurance benefits, dependent enrollment, and any other questions related to your health insurance policy. Please keep in mind that the Graduate School simply manages overall Graduate Student Support Plan eligibility and payment for the overall plan. The Graduate School is not involved, at all, after a student is no longer covered under the Graduate Student Support Plan.

Health insurance coverage on the NC State RA-TA plan typically starts on the following dates each semester. Please speak with your department Graduate Services Coordinator if you have questions about your health insurance start (or end) date.

**Fall 2021:** August 1st  
**Spring 2022:** January 1st

We encourage students to register for Blue Connect once they have received their health insurance information from Student Blue (Subscriber & Group numbers). Student Blue Member Services allows participants to manage their policy online, including reviewing claims and printing a temporary card.

If you need to retrieve your policy information (subscriber, group, pharmacy bin numbers) because you did not receive your health insurance cards or they were lost...
or stolen, please contact Student Blue customer service at 1-800-579-8022. The Graduate School does not keep record of individual subscriber numbers.

Please be sure to keep your mailing address updated in MyPack Portal and with Student Blue (1-800-579-8022). Your mailing address in MyPack Portal is transmitted to Student Blue for your enrollment in the GSSP health insurance plan.

Termination from RA-TA Health Insurance Plan Coverage

Please be aware that eligibility for the NC State RA-TA Plan (GSSP eligibility) is finalized on Census Day each semester. If a student fails to meet any one of the below GSSP eligibility requirements by Census Day, they are ineligible for the RA-TA Plan. Please speak with your department Graduate Services Coordinator if you have questions about your GSSP eligibility or health insurance coverage.

1. Full-time enrollment, at all times
2. Active, qualifying graduate appointment extending at least 30 days beyond the first day of classes.
3. Active in an on-campus master’s or doctoral program

Coverage duration for the NC State RA-TA Plan is semester based. Eligibility for the RA-TA Plan can only be established at the beginning of the Fall or Spring semesters (summer coverage is included in the Spring semester coverage period). Once students are eligible for coverage on the RA-TA Plan they will retain their coverage until the end of the eligible semester, unless the student requests earlier termination*. Please see the chart below to determine coverage duration by graduate appointment type and semester.

As of August 15, 2014 COBRA coverage is no longer an option for students losing coverage on the NC State RA-TA Plan.

- Students who lose coverage through the NC State RA-TA Plan and remain enrolled at North Carolina State University can contact Student Health
Services (99-515-2563) or Student Blue (1-888-351-8283) at to determine if they are eligible for the University Mandatory Plan.

- Students who lose coverage through the NC State RA-TA Plan and do not plan to continue enrollment at the North Carolina State University (e.g., graduation) should shop for health insurance coverage at www.healthcare.gov (within 60 days of coverage loss) or explore coverage through their employer’s available options, as soon as possible.

* Students must have alternate coverage before discontinuing or waiving the NC State RA-TA Plan given health insurance coverage is mandatory for all on-campus students.

Waive/Decline NC State RA-TA Health Insurance Plan

If you wish to decline (waive) coverage on the NC State RA-TA health insurance plan, please complete the form linked below. If the form is not working properly, please email your request to ncstate-gssp@ncsu.edu. Please remember include your name, student ID number, effective date of requested action, and briefly document the reason for declining coverage. If you are an international student, you are required to maintain health insurance throughout the duration of the I-20/DS-2020 — please do not complete this form unless you have alternative adequate health insurance coverage. Please see the Office of International Services for more information.

Request Form to Decline Health Insurance Coverage on NC State RA-TA Plan

Please remember that you also need to also waive the University Mandatory Plan (also known as the Student Health Insurance Plan (SHIP)) if you have health insurance coverage outside of one of the university student health insurance plans.

**Please be aware that there is another Student Blue (BCBS of NC) administered plan on campus, the University Mandatory Plan (Student Health Insurance Plan (SHIP)). This health insurance plan option is for students ineligible for the Graduate Student Support Plan, but meet the eligibility requirements outlined on the Student Health Center website. Nonetheless, it is a plan similar in health insurance coverage to the NC State RA-TA plan (Graduate Student Support Plan), but the student is responsible for payment and enrollment into this plan.
Withdrawing a Previous Waive/Decline Request for NC State RA-TA Coverage

If you wish to withdraw a previously submitted/requested decline for NC State RA-TA coverage (in other words, to be eligible for coverage again), please complete the form linked below. If the form is not working properly, please email your request to ncstate-gssp@ncsu.edu. Please remember include your name, student ID number, effective date of requested action. See website for link.
Residency Determination has been centralized for the state of North Carolina. Applicants and currently enrolled students who are claiming NC Residency or wish to apply for in-state residency for tuition purposes, are required to go through the North Carolina Residency Determination Service (RDS). NOTE: A determination of out-of-state will be given to anyone who has not yet lived in North Carolina for 365 days.

If you are applying to a Graduate Program and claim to be an NC resident, follow the instructions on the application and complete your residency determination at ncresidency.org. Once you have received a validated residency decision from RDS, enter the Residency Determination Number (RCN) into your application. If you are ready to submit your application prior to completing your RDS determination or receiving your RCN number, you will have the opportunity to enter it later through your applicant portal. Entering your RCN after submission will not affect your application, but until it is provided, you will be considered an out-of-state applicant.

Updating your RDS determination with NC State: If your RDS decision or expiration date has changed since you originally provided NC State with your Residency Determination Number (RCN) number, you will need to complete the residency form in your applicant portal, or update it through NC State’s self-service residency page: go.ncsu.edu/residencystatus. Click on the Personal Information tile followed by Residency Information, then enter your RCN in the corresponding box and select “Save RCN” and then “Request Residency Data” NOTE: You must have a unity ID to login to access this page.

Current graduate students applying for residency next year: Begin completing your resideniary acts (outlined below in the Basic Requirements of Residency) about a year before you will be applying for residency. You will need to wait until you have lived in North Carolina for 365 days before applying through the RDS system or you will automatically receive a determination of out-of-state. If you do apply too early, you can log back into your RDS account and Request a Reconsideration once you have met the 365 day requirement.

Any questions and concerns can be directed to: rdsinfo@ncresidency.org, 919-835-2290, or 844-319-3640.

The tuition classification laws described here apply to all constituent institutions of the University of North Carolina – Public System and are taken from NC G.S. 116-143 and the North Carolina State Residence Manual.

RDS Troubleshooting

**REASONS WHY YOU MAY BE SEEING OUT-OF-STATE ON YOUR BILL OR ADMISSION LETTER, EVEN AFTER RECEIVING A DECISION OF IN-STATE FROM RDS:**

- Residency classifications from RDS are only valid for 15 months. Therefore, if you have applied to a graduate program and completed your RDS determination over 15 months prior to the start of your admit term, your tuition classification at the time of admission will show as Out-of-state. This is the case even if you initially received a decision of In-state from RDS. You will need to go back to RDS to request a “reconsideration” that should extend the expiration date of your In-state determination. Ideally, you would do this about a year, or less than 15 months before the start of date of your first semester of enrollment. You will then need to update your record by following the steps described above in the “Updating your RDS with NC State” section.
Expiration dates of documents are a factor in RDS determinations. If you are an international student holding a visa or green card with an expiration date prior to the start date of your intended or next semester of enrollment, your residency determination will have an expiration date matching your visa or green card document.

RDS is strict with all dates, including students who fall under the Active Duty Military Exception (outlined below). The report date on the active duty member’s military orders or affidavit determines the day the student’s eligibility for in-state tuition begins. Until it is exactly that date, the student’s residency determination will show as out-of-state.

Basic Requirements of Legal Residency
1. Have 12 months of physical presence in North Carolina.
   o Have held legal residency for at least 12 months prior to the start of the requested term.
   o Demonstrate that you are a legal resident of North Carolina and not just temporarily residing in the state as a student.
   o Have not had any significantly long breaks in physical presence in North Carolina for the past 12 months.

2. Have the financial and legal ability to establish a domicile.
   o Be (mostly) financially independent from non-North Carolina parents or guardians.
   o Not be a tax dependent of non-North Carolina parents or guardians.
   o Be able to show that you can financially support yourself independent of any out of state sources.
   o Have an independent financial aid status, if using financial aid.

3. Demonstrate the intent to make North Carolina your home aside from attending school.
   o Complete a cluster of residency acts a year prior to the start of the requested term.
   o Not hold ties to another state that would indicate you are a resident of that state.
   o Explain why some residency acts may not have been able to be completed, if that is the case.

Special Exceptions
1. Active-Duty Military Stationed in North Carolina, their spouses and their dependents (legal residency is not required to use this benefit).

2. Full-Time UNC System Employees, their spouses and their dependents (you must be a legal resident of any duration to use this benefit).

Marriage Benefit
If you currently residing in North Carolina and married to a legal North Carolina resident, you are permitted to use your spouse’s time in the state and residentiary acts as your own. Your own abode must be in North Carolina.
International Students

International students may or may not have the capacity to establish a domicile. For those who have capacity, the requirements are the same as those for U.S. Citizens. Examples of eligible immigration classifications are: Permanent Resident, A-1, A-2, E-1, E-2, E-3, G-1, G-2, G-3, G-4, H-1B, H-1C, H-4, I, K-1, K-2, K-3, K-4, L-1A, L-1B, L-2, N, O-1, O-3, P-1, P-2, P-3, P-4, R-1, R-2, T-1, T-2, T-3, T-4, T-5, TPS, U-1, U-2, U-3, U-4, U-5, V-1, V-2, and V-3

Those who do not have capacity cannot qualify as residents for tuition purposes, regardless of any other factors. Ineligible immigration classifications include: B, C, D, F, J, M Q, S, and TN visas and DACA

Appointments
Whether you’re a first-time visitor or a frequent patient, making an appointment at Student Health Services is easy. You can schedule online at HealthyPackPortal or call us at 919.515.2563.

After-Hours Non-Emergency Care
Students may access the after-hours Advice Line by calling 919.515.2563, option 9 to speak directly to a medical professional. This service does not make appointments or call in medication refills.
If you have a serious but non-life threatening condition, such as a laceration, fracture, fever or vomiting, you may wish to visit a local urgent care facility instead of the hospital emergency room to keep your health care costs down.

Student Health Insurance Plan Premiums
The Student Health Insurance Plan (SHIP) premium will appear on your student account once you register for courses and if you meet all of the invoking criteria.
Visit the StudentBlue website for more information on plan benefits. http://studentbluenc.com/#/ncsu?page/welcome
Graduate Students are eligible if:

- Enrolled in a degree-seeking program, and
- Enrolled in one (1) or more on campus credit hours, and
- Eligible to pay the university Student Health Fee

If the requirement applies to you, you **must** prove you have health insurance coverage each semester you are enrolled by submitting an online waiver to StudentBlue that shows evidence of existing credible coverage or you will be automatically enrolled and charged the premium.

NC State RA-TA Health Insurance Plan

Only students eligible for the Graduate Student Support Plan are eligible for the NC State RA-TA health insurance plan. Students eligible for the NCSU RA-TA plan (GSSP eligible students only) will be automatically waived from the University Mandatory Student Health Insurance Plan (SHIP) without any further action.

The NC State Graduate School offers 100 percent electronic processing for graduate theses and dissertations. This means that all ETD reviews, ETD final submissions, Graduate School and Advisory Committee ETD approvals, and NC STATE Library catalogs are electronic.

Objective
This workshop will provide an overview of the ETD guidelines and prepare graduate students to submit their documents to the ETD system. Students will have an opportunity to ask questions and discuss any concerns they have about the process. It has been offered once a semester. The Graduate School and the ISE Grad Office will send an email announcing the opening of registration.

Fellow students share...
"This workshop was very helpful I am glad I chose to attend in person so that I could get immediate clarification and listened to the questions of colleagues. The presenter did an excellent job and was very knowledgeable about all aspects of the ETD process including graduation. I now feel much more comfortable about this process and feel that I know where to go with future questions."

"The workshop did an excellent job clarifying all of the important details for the completion of the ETD and degree completion overall."

"It is really helpful to attend the ETD Workshop because we can share many comments on issues that many other students have. In that way, we can form a more comprehensive understanding of the whole process for graduation. I think it a great way to save us a lot of time on looking for information about graduation on-line."
